HIMANSHU PRAJAPATI

CURRICULUM VITAE

Contact: +91 7096067532
Email: hp949431@gmail.com
Location: Siddhpur, Gujarat, India
LinkedIn: linkedin.com/in/himanshu-prajapati-6456a9400
Languages: English, Hindi, Gujarati
Specialization: Computer Engineering & Embedded Systems

Professional Profile: Proactive Computer Engineering diploma candidate pursuing technical education with demonstrated expertise in microcontroller integration, automated telemetry firmware, Python-based data exploration, and enterprise IT diagnostics. Adept at managing system-level hardware troubleshooting while maintaining structured communication workflows across cross-functional operations.

1. EDUCATION

Diploma in Computer Engineering (Pursuing) — **2024 – 2027**
M.L. Institute of Diploma Studies, Bhandu (Affiliated with Gujarat Technological University - GTU)

- **Current Standing:** 3rd Year Undergraduate Diploma Candidate.
- **Core Academic Disciplines:** Microcontroller Architectures, Programming Logic, Web Technology, Computer Hardware Assembly, and Network Communications.

2. TECHNICAL PROJECTS & PRACTICAL TRAINING

Smart Biometric Student Attendance & Automated SMS Alert System — **Minor Academic Project**
Embedded C/C++, ATmega328P, SIM900A GSM/GPRS, R307S Biometric Sensor, DS3231 RTC, I2C/UART

- **Autonomous Embedded Architecture:** Engineered a standalone attendance unit integrating an optical biometric sensor, real-time clock, cellular transceiver, and 16x2 I2C display driven by Arduino UNO.
- **Firmware & Serialization:** Programmed optimized dual SoftwareSerial instances with structured scheduling to eliminate buffer collisions and race conditions between optical template telemetry and Hayes AT commands.
- **Automated Telemetry & Access Controls:** Executed instant cellular SMS dispatches carrying live timestamps upon 1:N verification; integrated software-level duplicate scan filters and acoustic buzzer alarm mechanisms.

Skill-Based Training in Data Analytics & Data Science with Python — **Completed (2026)**
LDRP Institute of Technology & Research, Gujarat Technological University (GTU)

- Completed intensive laboratory-based coursework focusing on exploratory data analysis, structured JSON data ingestion, data visualization pipelines, and Pythonic algorithmic problem-solving.

3. CORE COMPETENCIES & TECHNICAL SKILLS

Embedded & Electronics: Embedded C/C++, Arduino IDE, UART/I2C Protocols, Hayes AT Commands, Sensor Interfacing

Hardware & IT Systems: Workstation Assembly, Component Repair, OS Deployment, Network Monitoring, Storage Solutions

Software Development: Python, JavaScript, HTML5, CSS3, JSON Data Formatting, Logic Programming

Professional & Operations: Technical Consultation, Talent Sourcing, Client Relations, Analytical Problem Solving

4. PROFESSIONAL WORK EXPERIENCE

Branch Sales Recruiter — **Feb 2026 – Oct 2026**
Lone Wolf Technologies | Mahesana, Gujarat, India

- Administered technical talent sourcing pipelines, candidate evaluations, and onboarding coordination.
- Facilitated operational communication and monitored workflow deliverables for cross-functional recruitment teams.

Technical Sales Associate & IT Support Specialist — **Feb 2025 – Jan 2026**
T World Technology | Mumbai, Maharashtra, India

- Conducted desktop hardware diagnostics, modular assembly, system recovery, and local area network configuration.
- Delivered consultative customer guidance regarding custom workstation builds, hardware procurement, and storage deployment.

Account Executive — **Oct 2024 – Jan 2025**
Sundeep Agencies | Mumbai, Maharashtra, India

- Maintained transaction accounts, commercial ledger documentation, and client order tracking pipelines.

Declaration: I hereby declare that all details furnished above are authentic and complete to the best of my knowledge. **Himanshu Prajapati**
